Nitrogen Generators N₂GEN

Systems Nitrogen Generators A safer, smarter and cost-effective solution

Nitrogen Generators Engineered to Meet the Needs of Your Process

The N₂GEN series of PSA nitrogen generators are designed to produce a wide range of flow rates at nitrogen purities of 95% up to 99.999%. All units are custom designed and can be packaged with a dedicated air compressor, dryer and/or booster if needed for a complete turnkey solution. For larger flow rates or redundancy, duplexing options are available.

System Benefits

Nitrogen on Demand

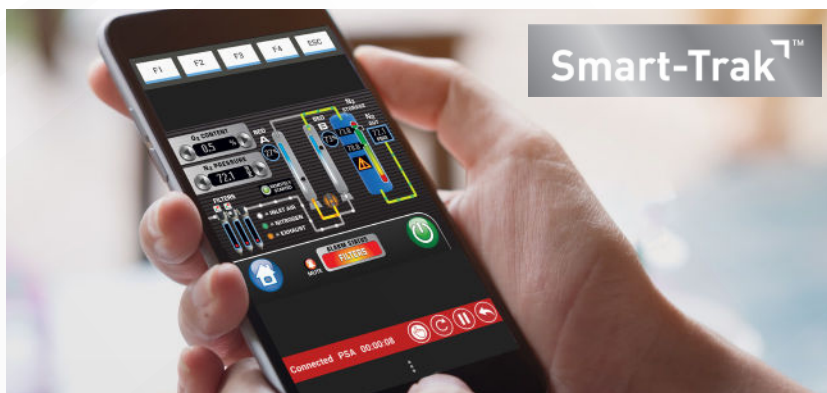

**Up to 90% savings
on nitrogen costs**

**Smart-Trak™
remote access**

- Fully automated Nitrogen on demand
- Nitrogen at a reduced cost of up to 90% compared to gas company
- Favorable ROI
- No missed deliveries, escalating costs or contracts to sign
- System life expectancy of 18-24 years, dependent on system maintenance
- Industry leading warranty with extended terms available
- Smart-Trak allows you to remotely monitor and manage the nitrogen generator from any mobile device

N₂GEN®

The N₂GEN TS

The Tank Mounted Skid Series Nitrogen Generator is designed to produce flow rates up to 300 SCFH.

The N₂GEN CS

The Cabinet Skid Series Nitrogen Generator is designed to produce flow rates up to 2,400 SCFH.

The N₂GEN S

The Skid Series Nitrogen Generator is designed to produce flow rates of 35,000+ SCFH.

* Flow rates dependent on nitrogen purity and pressure specifications.
