X-Ray Counter

X-Ray Counter

Automatic X-Ray SMD Counter

Equipment with X-ray technology and Artificial Intelligence tools for the detection and counting of components and materials.

- Real-time data with Artificial Intelligence
- Provides Simple and Accurate Information
- Capacity of up to 4x 7" rolls
- Simple and friendly interface
- Touchscreen monitor for direct on-screen control
- MES Integration Capability
- Interfaces for External Scanner and Label Printer
- Real-time reporting to ERP
- Barcode Monitoring for Annual Inventory
- Artificial Intelligence Tools:
 - Automatic Parts Learning Process
 - Information in Real Time
 - Exchange of Inspection Tolerances from Equipment to Equipmen
